“Demystifying Conference Presentations: How to submit and present at conferences”

Joining a professional association like the International Association of Social Work with Groups (IASWG) and presenting at a conference, such as the Council on Social Work Education (CSWE) Annual Program Meeting can be intimidating. Your work in the field is valuable, and we want to hear from you! In this presentation, you will:

- Learn how to write and submit a presentation or poster proposal to a conference.
- Identify methods to turn your professional experience into presentable content.
- Obtain resources and guidance on how to submit and design a symposium poster.
